

THE RIGHT PLACE FOR...GETTING CONNECTED

While marketing is a key aspect of any transaction, at the end of the day, deals come down to the individual and their relationships. One of the easiest ways to increase your network - and ultimately your sphere of influence - is to get involved with civic and business groups, community forums, and industry organizations. A list of both Colliers-based events and industry-related conferences is provided here to better help you plan for the upcoming year. Colliers and its representatives have taken a leadership role in many of the organizations listed and everyone is encouraged to get out there and get connected!
